## LEGACY WALL

We are creating a piece of art to be installed as a legacy wall. It will record the students that have attended in the first years upon opening. Families will be given the offer to purchase a small feather for their child/ren. Text will be engraved within the 'feather' lines & will generally consist of a student/s name & the year they began attending. Multiple children from the same family can be listed on one feather. Small feathers will be \$100 each - are made of stainless steel with an overall size of 300mm long by 80mm wide. The frame will be going up within the next couple of months. And the engravers are working on the artwork. Watch this space for more information as we count down to the launch of this onetime opportunity.

### \*\*\* Fundraising Goals for 2019 \*\*\*

Suggestions at this point are a food trailer/caravan and a covered lockable trailer.
